AGS
Advanced Government Services, Inc.

KEEPING WORKSITES & WORKERS SAFE

With a committed focus on safety, AGS is an experienced and award-winning woman & minority owned contractor providing traffic control planning and management, signage, and equipment rental to municipal and private roadway project contractors.

Whether your project calls for on-site traffic management or a comprehensive traffic control plan, our expertly-trained traffic control field crews are among the best in the industry and stand ready to create a tailored and affordable plan to meet your company's needs. Our most important service, though, is making sure every commuter and every worker in our project traffic zones stay safe.

From municipalities and State and Federal public works to private labor projects, our clients rely on us for dependable traffic control and road safety services and support in Washington and Oregon – and we deliver!

> *Great company. Flexible, hardworking, great office and field environment. They take care of their people.*

AWARD-WINNING SERVICES

NO MATTER HOW BIG OR SMALL THE JOB

TRAFFIC CONTROL

Experience, knowledge, and ongoing training are critical to designing and implementing safe and efficient traffic control practices. We stay abreast of the latest regulations and are dedicated to keeping your workers and worksites safe.

CUSTOM SIGNS & INSTALLATION

We offer both permanent and temporary sign installation, sign mounting hardware and more.

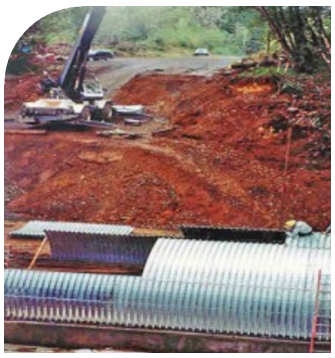
TRAFFIC CONTROL PLANS

Traffic control planning is more complex than just utilizing flaggers. We design smart, easy-to-understand plans that lead to safe, efficient work zones.

EQUIPMENT AVAILABLE

At AGS, we provide virtually all types of equipment needed for roadway, arterial, and bridge construction, including:

- Light Towers
- Message Boards (PCMS)
- Arrow Boards
- Barricades (Types I & III)
- NCHRP 350 Crash Worthy Signs
- Pilot Cars
- Channelization Devices (Candlesticks, Loopers, Barrels & Cones)
- Truck Mounted Attenuator (Crash Truck)
- Other Equipment



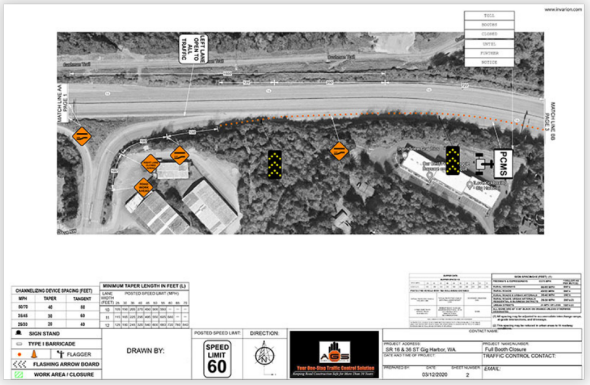
OUR CERTIFICATIONS

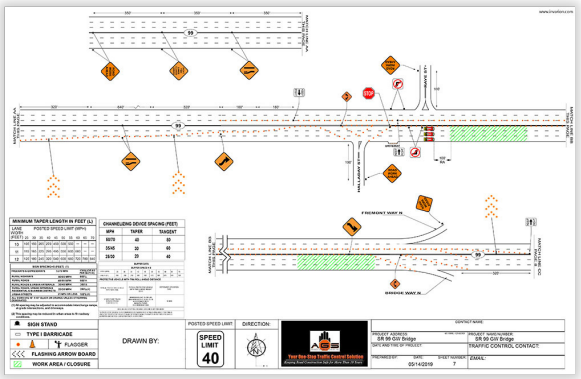
AGS is fully licensed, bonded, insured and registered with the States of Washington and Oregon. Additionally, AGS is both a federal and state certified woman-owned DBE, FSBE, MWBE, SBE, WOSB small business, a proud participant of the City of Tacoma Hub/Leap program, a City of Seattle approved vendor and a participant of the King County Small Contractors and Suppliers (SCS) program.

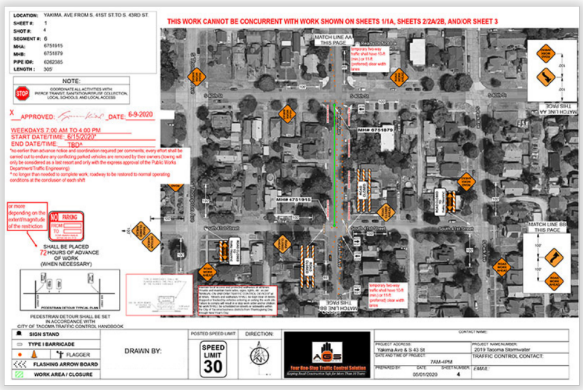
TRAFFIC CONTROL

PLANNING

From highways to bridges to arterials and other roadways, we develop custom traffic control plans centered on safety, project needs, and traffic flow.*







*Securing a permit is the responsibility of the Prime Contractor.
