

### Traffic Control

We manage every aspect of traffic control; personnel, UPO's, equipment, lighting, pilot cars, work zone signs, and more.

### Equipment Rentals

With signage, lighting, message boards and more, we have all the safety equipment you need for traffic control. You can pick it up, or we'll bring it to you and help with setup.

### Traffic Control Plans

Traffic Control is more complex than just sending out flaggers. We design smart, easy-to-understand plans that lead to safe, efficient work zones.

### Sign Installation and Striping

We offer both permanent and temporary sign installation, temporary lane striping, sign mounting hardware and more.

We offer daily, weekly and monthly rates.

## ABOUT AGS

Based in Tacoma, Washington, Advanced Government Services, Inc. (AGS) has delivered traffic control and road safety services to Western Washington since 2003. We are proudly woman-owned, minority-owned and drug-free. Every day, we come to work with one goal: to get people through our work zones safely and efficiently.

AGS is fully licensed, bonded, insured and registered with the State of Washington.

Additionally, AGS is both a federal and state certified

woman-owned **UDBE/DBE/MWBE/SBE/WOSB** small business, a proud participant of the city of Tacoma Hub/Leap program, a city of Seattle approved vendor and a participant of the King County Small Contractors and Suppliers (SCS) program. AGS was awarded a rare and very prestigious Safety Recognition Award from Labor and Industries for five consecutive years of zero time-loss accidents and EMR rating of 0.60!

Our most important job is making sure everyone gets home safely. Our company slogan is "Working Hard at Playing it Safe™." It's more than just a tag line-it's our DNA. You have our commitment to ensuring that doing business with us is streamlined, worry-free and safe. We offer well-maintained equipment at competitive rates. We believe in building strong relationships with our customers and are here for you, providing excellent service while protecting your crew.
